

Are you looking to reduce print spend and eliminate wasteful printing?

Manage Users—Save Money—Reduce Waste

Do you have too many printers?

Do you know who uses them & what for?

IT'S TIME TO GAIN CONTROL OF YOUR MANAGED PRINT SERVICES WITH ROI PRINT MANAGER

GET THE FACTS

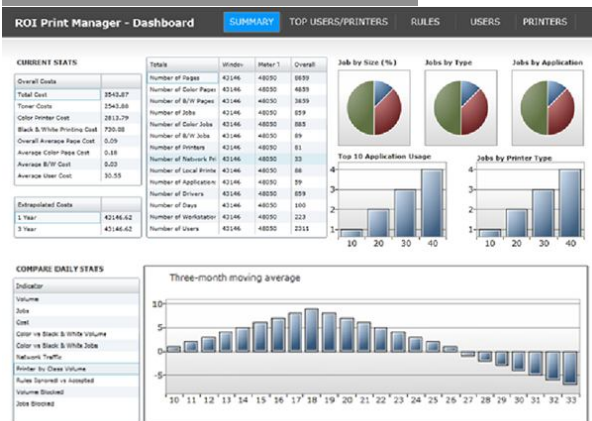

ROI Print Manager provides organizations with detailed user level printing intelligence that allows you to craft and implement the perfect print strategy.

IMPLEMENT THE STRATEGY

ROI Print Manager educational pop-ups enforce policy and manage users printing habits in-line with policy to ensure optimal performance and cost efficiencies.

SEE THE SAVINGS

- Implement user quotas to control printing of color documents and by application
- Force duplex printing to reduce paper consumption and promote sustainability
- Redirect jobs to lowest cost b/w printers and print center
- Limited unnecessary application printing like Internet and Outlook
- Implement electronic paperless workflows
- Provide users with access to support and education

Please join our sustainability efforts!
Try one of these paperless workflows...

- Send to Print Center**
Use the print center for large jobs that cannot be sent electronically
- Create PDF & Email**
Turn your document into a PDF and email it with eCopy Desktop
- Send as a Fax**
Send your document as a fax from your PC using RightFax
- Store Document Online**
Documentum stores documents for access from any web browser
